

Quick User Guide

Simple instructions for recording and viewing your sea-service information

Your sea service, organized.

1. Create an Account & Sign In

1. Open SeaLog.
 2. Create your account using your email address and password.
 3. Complete email verification when requested.
 4. Sign in with your registered email and password.
- Forgot your password?** Use the password-reset option on the sign-in screen.

2. Complete Your Profile

1. Open **Profile**.
 2. Enter your personal information.
 3. Check the information carefully and save your changes.
- Tip:** Keep your profile information up to date.

3. Add a New Vessel / Sea-Service Record

1. Open the option to add a new sea-service record.
2. Enter the vessel information.
3. Select or enter your rank.
4. Enter the **Sign-On Date**.
5. Enter the **Sign-On Port** and **Country**.
6. Add other available vessel information, such as Call Sign, IMO Number, Ship Type and Flag.
7. Save the record.

4. If You Are Still Onboard

When you are still serving on the vessel, leave the **Sign-Off Date** blank.

The record will remain shown as **On Board**.

When you actually leave the vessel, edit the record and enter the actual Sign-Off information.

5. Complete a Vessel Record

1. Open the vessel record.
2. Edit the record.
3. Enter the actual Sign-Off Date.
4. Enter the Sign-Off Port and Country when required.
5. Save the changes.

6. Add a Port Call

1. Open the relevant sea-service/vessel record.
2. Choose to add a Port Call.
3. Enter the Port Name and Country.
4. Enter State/Region when applicable.
5. Enter Arrival and Departure dates and times.
6. Add coordinates when available.
7. Add Company, Voyage/Trade or Comments if required.
8. Save the Port Call.

7. Edit a Port Call

1. Open the vessel/service record.
2. Select the Port Call you want to change.
3. Edit the required information.
4. Save the changes.

8. View Your Sea-Service Records

1. Open **Sea Service Records**.
2. Browse your vessels and service records.
3. Use the search box when you want to find a particular record.
4. Open a record to view or edit its information.

9. Check Your Sea-Service Information

Use the **Dashboard** to see your overall sea-service information.

Open individual vessel records when you need to check the details of a particular service period.

If a vessel is still marked **On Board**, its service remains active until you enter the actual Sign-Off.

10. Use the Map

1. Open **Map**.
2. View the ports that can be displayed on the map.
3. Select a marker to view its port information and Port Call details.

A marker may show a **Port Calls** count when you have multiple visits associated with the same location.

If a Port Call cannot be placed reliably on the map, it may not appear as a marker.

11. Export Your Sea-Service Profile PDF

1. Open **Profile**.

2. Choose **Export Sea-Service Profile to PDF**.
3. Wait for the PDF to be created.
4. Use the normal device sharing/saving options to keep or send the PDF.

Note: The Sea-Service Profile PDF is separate from this User Guide.

12. Password & Account Help

Change password: use the password option in your account/profile area.

Forgot password: use the password-reset option on the sign-in screen.

Verification email: check your inbox and spam/junk folder if you do not immediately see it.

13. Good Practice

Enter information carefully and check dates before saving.

Use the actual Sign-On and Sign-Off dates.

Add Port Calls as accurately as possible.

Review your records periodically so that mistakes can be corrected.

14. Quick Help

My vessel is still active: leave Sign-Off blank until you actually leave the vessel.

I need to correct a record: open the record, edit it and save the correction.

I cannot find a port on the map: check the Port Call information and available coordinates.

I need a copy of my records: use the Sea-Service Profile PDF export.

I cannot access my account: check your login details or use password recovery.

Quick Reference

What you want to do	Where to go
Update personal information	Profile
Add a vessel	Add a sea-service record
Mark current vessel	Leave Sign-Off blank → On Board
Finish a vessel	Enter actual Sign-Off details
Add a port	Open vessel/service → Add Port Call
Find a record	Sea Service Records → Search
See ports	Map
Get a PDF copy	Profile → Export Sea-Service Profile to PDF
Reset password	Sign-in → Password reset
